ABOUT

An enthusiastic B.Sc. 3rd year student, exploring and gathering skills of the multidimensional domain of software engineering. I firmly believe curiosity, creativity and communication are as much important as experience and expertise to flourish in this sphere. Hence, alongside with learning, coding and developing, seeking urgency and purpose of my work, making it more efficient and meaningful, and adopting to new challenges has been my driving motivation in this field.

SKILLS

COMPETITIVE PROGRAMMING

1. Participated in ICPC Regional Preliminary 2022 and 2023
2. Ranked 120th in ICPC Regional Preliminary 2023 among 1000+ teams
3. Solved 700+ problems in Codeforces
4. Participating in global and intra-university programming contests on a regular basis

SOFTWARE PROJECTS

1. Developed a Space Shooter game with C++ using SFML
2. Made a prototype of a Fundraising Web Application gathering requirements, UML and design
3. Created an Adventure RPG game using Java
4. Developed an Android Weather App with Kotlin using Android Studio
4. Worked with JavaScript, making small projects like ToDoApp and Timer

ACADEMICS

Completed major Software Engineering courses -

1. Structured Programming Language
2. Data Structure and Algorithms

Maijdee, Noakhali

EDUCATION

2022 - present

B.Sc in Software Engineering

Shahjalal University of Science and Technology

2018 - 2020

College

Notre Dame College, Dhaka

2013 - 2018

High School

Lakshmipur Adarsha Samad Govt. High School

LANGUAGES

C++

Java

JavaScript

3. Software Requirement Engineering
 4. Object Oriented Programming
 5. Operating System
- with convinient grade and practical tasks.

EXTRACURRICULAR ACTIVITIES

1. Taken part in public speakings, debates and cultural activities throughout my academic carrer
2. Working as Asst. Bangla Debate Coordinator for Shahjalal University Debating Society
3. Played Football and Handball in Intra-University competitions representing department
4. Actively taken part in organization and participation of Intra-Departmental events

PASSION

In academic field, I enjoy exploring new ideas, learning skills, working with people and adopting challenges. However, Sports and cultural activities, event organisation, poetry, video editing are my pastime hobbies in individual sphere.
